**Dear Fellow Teamster Members and Family:**

**There is a lot at stake in this election.** It is critical that every Teamster member and their family turn out and vote to move our Union forward. We have the opportunity to improve our working conditions and protect hard-won benefits. It won't be easy, the War on Worker's is real, there are candidates who are basing their campaigns on eliminating worker's rights and weakening the middle class.

**We have a choice on November 6<sup>th</sup>. We can re-elect Governor Tom Wolf.** Governor Wolf has promised to veto any Right to Work Legislation and any further attacks on an employee's right to collectively bargain. He has previously vetoed attacks on pensions and worker compensation reform bills. His opponent wants to take away worker's rights and rollback the gains that our parents and grandparents made for us.

**In addition, Teamsters Local 776 is asking that you vote for the following Teamster endorsed candidates:**
